

RAFAEL SMADJA

ART DIRECTOR / 3D ARTIST / CREATIVE FOUNDER

Arizona, USA +1 509-319-7999 smadja.rafael@gmail.com LinkedIn ayesmajstudios.com

Multidisciplinary Art Director and 3D Artist combining cinematic visual craft, brand systems, AI-driven content, and commercial experience. Leads creative direction from early concept through final delivery, translating complex technology and business ideas into clear, premium visual stories. Founder of AYESMAJ Studios, with hands-on experience across 3D, animation, VFX, design, client strategy, and sales.

PROFESSIONAL EXPERIENCE

Art Director

2024 - Present

PODOS AI & Syntropic

- Own creative direction across brand identity, investor presentations, websites, product storytelling, and cinematic campaigns for advanced AI and infrastructure companies.
- Translate highly technical concepts into clear visual systems, premium 3D imagery, storyboards, motion direction, and launch-ready marketing assets.
- Establish consistent art direction across typography, color, diagrams, product visualization, and AI-generated content while coordinating with founders and technical teams.
- Guide projects from concept and visual research through production, feedback, and final delivery across digital and presentation formats.

Founder & Creative Director

2022 - Present

AYESMAJ Studios / Self-Employed

- Founded and operate an independent creative studio specializing in cinematic 3D animation, visual identity, branded content, websites, motion graphics, and AI-assisted production.
- Lead client discovery, creative strategy, proposals, pricing, production planning, art direction, and delivery for projects across technology, consumer products, and local service brands.
- Build complete visual campaigns connecting brand strategy with high-end 3D, VFX, advertising assets, social content, and interactive digital experiences.

Sales Consultant

2024 - 2026

Construction & Remodeling

- Managed residential construction and remodeling sales from initial consultation and site assessment through scope definition, estimate presentation, negotiation, and close.
- Explained technical options in practical language, built client trust, and coordinated expectations between homeowners and field teams.
- Developed strong experience in consultative selling, objection handling, relationship management, and value-based proposals.

RAFAEL SMADJA

EARLIER EXPERIENCE

3D Artist

2022 - 2024

Fuzion

- Created 3D animation, modeling, visual effects, motion graphics, and branded video content for advertising, social media, logos, and product communication.
- Presented mockups and simulations, gathered feedback, and refined visual materials to support marketing, packaging, and brand goals.
- Collaborated with artists and animators to deliver work on schedule and within production constraints.
- Troubleshoot rendering, scene optimization, streaming, and memory-management issues across demanding projects.

3D Character Artist

2021 - 2022

Meta Madagascar Island

- Designed and produced assets for a generative collection of 10,000 distinct 3D characters in collaboration with software engineers.
- Created character models, materials, textures, lighting, and presentation renders with consistent visual quality across a large asset system.
